

OPENMINDS AT BIRNEY

JR. DESIGN & ENGINEERING

Come and build with us! This class puts creativity and fun in the front seat as your students learn about the main principles of design and engineering. Through hands-on activities, your students will experience the cause and effects of gravity, friction, stability, structure, and basic mechanics. With some projects to take home, and some to take apart at the end of each day, this class is sure to be an adventure for your young engineers!

MONDAYS from 3:45–4:45pm

9/10–10/15 (Session I)

10/22–12/17 (Session II)

\$75 for 6 weeks

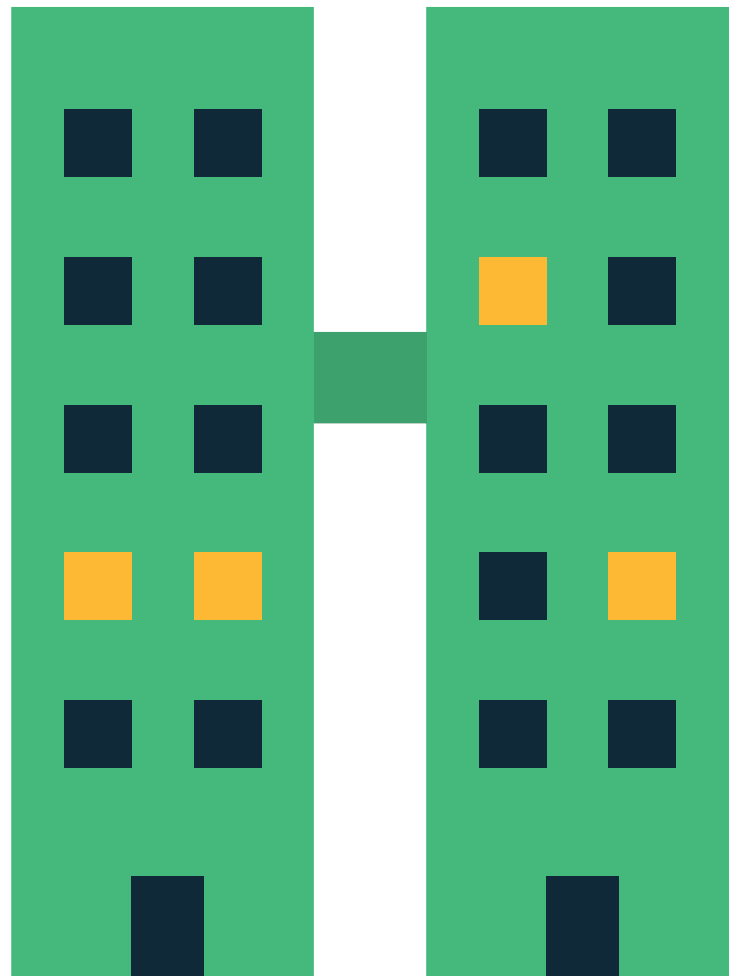

\$140 for 12 weeks

By registering my child, I certify that my child is in normal health and capable of participating. I acknowledge the risk of injury is possible. Safety is the first concern in all OpenMinds classes, but unforeseen injuries can occur. Given that, I grant permission for my child to participate and in doing so, hereby release OpenMinds and its staff from all liability to me for any loss or damage to properties or physical injury, if medical attention is required. I give permission for such care when either I or the child's doctor cannot be reached. OpenMinds is not responsible for the cost incurred for any medical care.
